No comments were made.

**Agenda Item #4 -- Approval of Minutes: April 18, 2014 Executive Committee Meeting**

Chair Shi tabled this item.

**Agenda Item #5 -- E.O. Report: Budget (Discussion)**

Executive Officer Terri Thorfinnson (Thorfinnson) provided an update on the Board’s budget relating to staff levels and fees. She noted that in the 2012/2013 fiscal year revenues were $2.678 million, dropping in 2013/2014 and again in 2014/2015. She also mentioned the Board’s $7 million reserve and that provided a cushion. She then mentioned SB 1246, the Board’s pending Sunset Bill. She felt the bill would make it difficult for the Board to determine curriculum compliance, and that it would open the floodgates for all schools to apply for California curriculum approval. This would lead to a dramatic increase in staff workload. She noted she put a budget change proposal for four additional staff to handle the changes brought by SB 1246.

EO Thorfinnson then addressed raising fees to address revenue issues, which has never been done and noted the Board would need to get statutory authority to do so. She also referred to the enforcement costs which have been increasing in the last three years as a cost driver, and overhead from administrative services. Committee Member Aguinaldo asked about potential cost savings going to computerized testing; EO Thorfinnson replied it would be less costly but there were questions about that system working with DCA’s future Breeze database software.

Member Aguinaldo also inquired about potential increases and additional staff and resources in the budget due to the passage of SB 1246. She felt the numbers about implementing SB 1246 were not supported. EO Thorfinnson replied the workload from an increased number of schools and CALE applicants would not be something present staff would be able to handle. She noted the Board would not have the tools or staff to handle the applicants from non-approved schools. Chair Shi agreed that it would be a lot of additional work. Member Aguinaldo then asked about prioritizing positions as part of the budget request, noting there has been a request for 3 more staff and a manager; EO Thorfinnson said the priority would be a manager to help create a licensure compliance unit at the Board.
Discussion commenced about the need for raising fees. Member Chan was concerned about revenues and felt there was a need to increase the fees; Member Aguinaldo was open to raising fees but was concerned about how much to raise.

Public comment was taken on the item. A commenter had a few questions on SB 1246 which EO Thorfinnson answered. A second commenter asked about curriculum evaluation.

Chair Shi concluded the discussion.
