The first commenter invited the Board to hold a meeting at its school campus. Three comments were made in support of the existing California Acupuncture Licensing Exam (CALE). Another comment was made was in support of the CALE and asking the Board to postpone the decision made on the national exam. Three more comments were made in support of the CALE. A further comment was made in support of the CALE, and also felt concern for educational standards if California went to the national exam. Another commenter wanted higher standards for Acupuncture.

### 5. Discussion and Possible Board Action - Sunset Report (Ben Bodea)

President Matecki thanked Board Member Jeannie Kang (Kang) and staff for the hard work on the Sunset Report. Executive Officer Ben Bodea (EO Bodea) noted this was the second review of the Sunset Report, incorporating changes made from the last Board meeting. On page three, attachments were labeled and EO Bodea mentioned that the production unit would be creating tabs with labels. Additional changes were made to font sizes on some of the tables; confirmation of appointment dates for Board members; grammar corrections on page five and reworded sentences for clarity on page six.

EO Bodea noted changes to tables on pages eight and nine; changes to licensing tables on page 12; removal of detail on Accreditation Commission for Acupuncture and Oriental Medicine (ACAOM) on page 18; additional page break and grammar changes to several pages and bulleted out on pages 31. He updated changes to page 32 and confirmed the numbers listed. Johnson pointed out several changes to the response to question 48 which enforcement confirmed. EO Bodea detailed on page 33 the change in spelling out penal code; spacing changes on page 43; clarification of wording regarding Item 4.4.4 on page 47 and correctly listed costs of the CALE on page 49. He noted the addition of a new table which the Board requested on page 52; discussion commenced on how much the table may need to be modified before final submission.

EO Bodea read aloud a change made on page 52 regarding the Office of Professional Exam Services (OPES) review of the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM); Board agrees with the change. He reviewed page 57, in which the new issues were identified and not previously discussed, were removed from the revised draft of the Sunset Review as he felt the Board should not take positions on issues without Board discussion. He moved onto the attachments and appendices in the report, noting that the full NCCAOM report was included as appendix D. President Matecki asked for reappointment dates to be included in Board Member lists. Johnson also suggested consistency with table coloring as a global change; Board agrees.

There was no public comment made on the item.
