FACTUAL SUMMARY

12. Respondent is employed at Asiana Acupuncture as a licensed acupuncturist. On or
about April 12, 2012, at approximately 6:30 p.m., patient Julia K. received treatment at Asiana
presented with a primary complaint of a sore ankle and depression. Ms. K. received follow-up
treatment on July 29, 2011, on August 1, 2011, and on August 8, 2011.

13. On April 23, 2012, Ms. K. made a complaint to the Acupuncture Board regarding her
treatment on April 12, 2012. On May 3, 2012, the Acupuncture Board submitted a request that
Ms. K.'s complaint be investigated. On June 22, 2012, Investigator Laura Avila was assigned to
investigate Ms. K.'s complaint against Respondent. Ms. K. provided Investigator Avila with a
signed authorization for the release of her medical records on October 15, 2012.

14. On or about October 15, 2012, Investigator Avila went to Asiana Acupuncture and
requested to see the medical file that corresponded to Ms. K. The medical records for Ms. K.
were no records that showed Ms. K. received services in the month of April, 2012.

15. Investigator Avila spoke to Respondent and asked why there were no medical records
present from April, 2012. Respondent admitted that, "he must have forgotten to make it, because
she (Ms. K.) came in after hours." Investigator Avila took possession of Respondent’s records as
they related to Ms. K. Ms. K.’s records were in both Korean and English.

16. On or about September 30, 2013, a retained Acupuncture Board expert, Lance D. Lee,
Lic. # AC 5461, reviewed and translated the records that related to Ms. K. Respondent’s failure
to document acupuncture treatment provided to Ms. K. on April 12, 2012, represented a departure
from the standard of care.

Accusation
17. Respondent also failed to document Ms. K's progress in treatment, failed to list the results of findings, failed to document subsequent treatments, and failed to note physical measurements taken during the intake exam. Respondent's records as they related to Ms. K. represented a departure from the standard of care.

18. On or about October 15, 2012, Respondent suggested that Investigator Avila speak to a second patient named Beverly C. about her experiences receiving treatment from the Respondent. On November 2, 2012, Investigator Avila and Ms. Park, a Korean-English translator, met and interviewed Ms. C. Ms. C. explained that she had been going to Respondent for a year and half. Ms. C. agreed to have her medical records examined and signed an Authorization for Release.

20. On or about, September 30, 2013, retained expert, Mr. Lee, reviewed and translated the records that related to Ms. C. Respondent had twelve records of treatment for Ms. C. between February 29, 2010, through January 7, 2012. Only one record, dated March 21, 2010, noted the progress of the patient. Also, there was a record for a price list that indicated Ms. C. had received treatments on June 20, 2011 and October 15, 2011, but the treatments and progress forms contained no record of treatments on those dates. Respondent's failure to document Ms. C's records indicated a departure from the standard of care.
