§ 4926. Legislative intent
In its concern with the need to eliminate the fundamental causes of illness, not simply to remove symptoms, and with the need to treat the whole person, the Legislature intends to establish in this article, a framework for the practice of the art and science of Asian medicine through acupuncture. The purpose of this article is to encourage the more effective utilization of the skills of acupuncturists by California citizens desiring a holistic approach to health and to remove the existing legal constraints which are an unnecessary hindrance to the more effective provision of health care services. Also, as it effects the public health, safety, and welfare, there is a necessity that individuals practicing acupuncture be subject to regulation and control as a primary health care profession.

(Amended by Stats. 2005, Ch. 649, Sec. 4. Effective January 1, 2006.)

§ 4927. Definitions
As used in this chapter, unless the context otherwise requires:
(a) "Board" means the Acupuncture "Board".
(b) "Person" means any individual, organization, or corporate body, except that only individuals may be licensed under this chapter.
(c) "Acupuncturist" means an individual to whom a license has been issued to practice acupuncture pursuant to this chapter, which is in effect and is not suspended or revoked.

In administering this subdivision, the board shall consider referencing the standards, regulations, and guidelines of the State Department of Public Health developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, regulations, and guidelines pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. (j) The violation of any law or local ordinance on an acupuncturist’s business premises by an acupuncturist’s employee or a person who is working under the acupuncturist’s professional license or business permit, that is substantially related to the qualifications, functions, or duties of an acupuncturist. These violations shall subject the acupuncturist who employed the individuals, or under whose acupuncturist license the employee is working, to disciplinary action.
(k) The abandonment of a patient by the licensee without written notice to the patient that treatment is to be discontinued and before the patient has had a reasonable opportunity to secure the services of another practitioner.
(l) The failure to notify the board of the use of any false, assumed, or fictitious name other than the name under which the licensee is licensed as an individual to practice acupuncture.

§ 4956. Equivalents of conviction; Time after conviction for discipline
A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge which is substantially related to the qualifications, functions, or duties of an acupuncturist is deemed to be a conviction within the meaning of this chapter.
The board may order a license suspended or revoked, or may deny a license, or may impose probationary conditions upon a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the person to withdraw his or her pleas of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

Except as provided in Section 4969, a license that has expired may be renewed at any time within three years after its expiration by filing of an application for renewal on a form provided by the board, paying all accrued and unpaid renewal fees, and providing proof of completing continuing education requirements. If the license is not renewed prior to its expiration, the acupuncturist, as a condition precedent to renewal, shall also pay the prescribed delinquency fee. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date the delinquency fee is paid, whichever occurs last. If so renewed, the license shall continue in effect through the expiration date provided in Section 4965, after the effective date of the renewal, when it shall expire and become invalid if it is not again renewed.

(b) A revoked license is subject to expiration as provided in this article, but it may not be renewed. If it is reinstated after its expiration, the former licensee, as a condition to reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license was reinstated, plus the delinquency fee, if any, accrued at the time of its expiration.

(a) Notwithstanding any other provision of this code, a board may deny a license regulated by this code on the grounds that the applicant has been convicted of a crime or has been subject to formal discipline only if either of the following conditions are met:

1. The applicant has been convicted of a crime within the preceding seven years from the date of application that is substantially related to the qualifications, functions, or duties of the business or profession for which the application is made, regardless of whether the applicant was incarcerated for that crime, or the applicant has been convicted of a crime that is substantially related to the qualifications, functions, or duties of the business or profession for which the application is made and for which the applicant is presently incarcerated or for which the applicant was released from incarceration within the preceding seven years from the date of application. However, the preceding seven-year limitation shall not apply in either of the following situations:
   A. The applicant was convicted of a serious felony, as defined in Section 1192.7 of the Penal Code or a crime for which registration is required pursuant to paragraph (2) or (3) of subdivision (d) of Section 290 of the Penal Code.
   B. The applicant was convicted of a financial crime currently classified as a felony that is directly and adversely related to the fiduciary qualifications, functions, or duties of the business or profession for which the application is made, pursuant to regulations adopted by the board, and for which the applicant is seeking licensure under any of the following:
   i. Chapter 1 (commencing with Section 5000) of Division 3.
   ii. Chapter 6 (commencing with Section 6500) of Division 3.
   iii. Chapter 9 (commencing with Section 7000) of Division 3.
   iv. Chapter 11.3 (commencing with Section 7512) of Division 3.
   v. Licensure as a funeral director or cemetery manager under Chapter 12 (commencing with Section 7600) of Division 3.
   vi. Division 4 (commencing with Section 10000).

2. The applicant has been subjected to formal discipline by a licensing board in or outside California within the preceding seven years from the date of application based on professional misconduct that would have been cause for discipline before the board for which the present application is made and that is substantially related to the qualifications, functions, or duties of the business or profession for which the present application is made. However, prior disciplinary action by a licensing board within the preceding seven years shall not be the basis for denial of a license if the basis for that disciplinary action was a conviction that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code or a comparable dismissal or expungement.

(b) Notwithstanding any other provision of this code, a person shall not be denied a license on the basis that he or she has been convicted of a crime, or on the basis of acts underlying a conviction for a crime, if he or she has obtained a certificate of rehabilitation under Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code, has been granted clemency or a pardon by a state or federal executive, or has made a showing of rehabilitation pursuant to Section 482.

(c) Notwithstanding any other provision of this code, a person shall not be denied a license on the basis of any conviction, or on the basis of acts underlying the conviction, that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code, or a comparable dismissal or expungement. An applicant who has a conviction that has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code shall provide proof of the dismissal if it is not reflected on the report furnished by the Department of Justice.

(d) Notwithstanding any other provision of this code, a board shall not deny a license on the basis of an arrest that resulted in a disposition other than a conviction, including an arrest that resulted in an infraction, citation, or a juvenile adjudication.

(e) A board may deny a license regulated by this code on the ground that the applicant knowingly made a false statement of fact that is required to be revealed in the application for the license. A board shall not deny a license
based solely on an applicant’s failure to disclose a fact that would not have been cause for denial of the license had it been disclosed.

(f) A board shall follow the following procedures in requesting or acting on an applicant’s criminal history information:

(1) A board issuing a license pursuant to Chapter 3 (commencing with Section 5500), Chapter 3.5 (commencing with Section 5615), Chapter 10 (commencing with Section 7301), Chapter 20 (commencing with Section 9800), or Chapter 20.3 (commencing with Section 9880), of Division 3, or Chapter 3 (commencing with Section 19000) or Chapter 3.1 (commencing with Section 19225) of Division 8 may require applicants for licensure under those chapters to disclose criminal conviction history on an application for licensure.

(2) Except as provided in paragraph (1), a board shall not require an applicant for licensure to disclose any information or documentation regarding the applicant’s criminal history. However, a board may request mitigating information from an applicant regarding the applicant’s criminal history for purposes of determining substantial relation or demonstrating evidence of rehabilitation, provided that the applicant is informed that disclosure is voluntary and that the applicant’s decision not to disclose any information shall not be a factor in a board’s decision to grant or deny an application for licensure.

(3) If a board decides to deny an application for licensure based solely or in part on the applicant’s conviction history, the board shall notify the applicant in writing of all of the following:

(A) The denial or disqualification of licensure.
(B) Any existing procedure the board has for the applicant to challenge the decision or to request reconsideration.
(C) That the applicant has the right to appeal the board’s decision.
(D) The processes for the applicant to request a copy of his or her complete conviction history and question the accuracy or completeness of the record pursuant to Sections 11122 to 11127 of the Penal Code.

(g) (1) For a minimum of three years, each board under this code shall retain application forms and other documents submitted by an applicant, any notice provided to an applicant, all other communications received from and provided to an applicant, and criminal history reports of an applicant.

(2) Each board under this code shall retain the number of applications received for each license and the number of applications requiring inquiries regarding criminal history. In addition, each licensing authority shall retain all of the following information:

(A) The number of applicants with a criminal record who received notice of denial or disqualification of licensure.
(B) The number of applicants with a criminal record who provided evidence of mitigation or rehabilitation.
(C) The number of applicants with a criminal record who appealed any denial or disqualification of licensure.
(D) The final disposition and demographic information, consisting of voluntarily provided information on race or gender, of any applicant described in subparagraph (A), (B), or (C).

(3) (A) Each board under this code shall annually make available to the public through the board’s Internet Web site and through a report submitted to the appropriate policy committees of the Legislature deidentified information collected pursuant to this subdivision. Each board shall ensure confidentiality of the individual applicants.

(B) A report pursuant to subparagraph (A) shall be submitted in compliance with Section 9795 of the Government Code.

(h) “Conviction” as used in this section shall have the same meaning as defined in Section 7.5.

(i) This section does not in any way modify or otherwise affect the existing authority of the following entities in regard to licensure:

(1) The State Athletic Commission.
(2) The Bureau for Private Postsecondary Education.
(3) The California Horse Racing Board.

(j) This section shall become operative on July 1, 2020.

(Repealed and added by Stats. 2018, Ch. 995, Sec. 4. (AB 2138) Effective January 1, 2019. Section operative July 1, 2020, by its own provisions.)

Chapter 3. Suspension and Revocation of Licenses

§ 490. Grounds for suspension or revocation; Discipline for substantially related crimes; Conviction; Legislative findings

(a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee’s license was issued.
(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in Petropoulos v. Department of Real Estate (2006) 142 Cal.App.4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.

(Amended by Stats. 2010, Ch. 328, Sec. 2. (SB 1330) Effective January 1, 2011.)

§ 490.5. Suspension of license for failure to comply with child support order
A board may suspend a license pursuant to Section 17520 of the Family Code if a licensee is not in compliance with a child support order or judgment.

(Amended by Stats. 2010, Ch. 328, Sec. 3. (SB 1330) Effective January 1, 2011.)

The Department of Health Care Access and Information shall maintain the confidentiality of the licensee and registrant information it receives and shall only release information in an aggregate form that cannot be used to identify an individual.

**Article 6. Unearned Rebates, Refunds and Discounts**

**(Article 6 added by Stats. 1949, Ch. 899.)**

§ 650. Rebates for patient referrals; Consideration between supplier and health facility

(a) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code, the offer, delivery, receipt, or acceptance by any person licensed under this division or the Chiropractic Initiative Act of any rebate, refund, commission, preference, patronage dividend, discount, or other consideration, whether in the form of money or otherwise, as compensation or inducement for referring patients, clients, or customers to any person, irrespective of any membership, proprietary interest, or coownership in or with any person to whom these patients, clients, or customers are referred is unlawful.

(b) The payment or receipt of consideration for services other than the referral of patients that is based on a percentage of gross revenue or similar type of contractual arrangement shall not be unlawful if the consideration is commensurate with the value of the services furnished or with the fair rental value of any premises or equipment leased or provided by the recipient to the payer.

(c) The offer, delivery, receipt, or acceptance of any consideration between a federally qualified health center, as defined in Section 1396d(l)(2)(B) of Title 42 of the United States Code, and any individual or entity providing goods, items, services, donations, loans, or a combination thereof to the health center entity pursuant to a contract, lease, grant, loan, or other agreement, if that agreement contributes to the ability of the health center entity to maintain or increase the availability, or enhance the quality, of services provided to a medically underserved population served by the health center, shall be authorized only to the extent sanctioned or permitted by federal law.

(d) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful for any person licensed under this division to refer a person to any laboratory, pharmacy, clinic, including entities exempt from licensure pursuant to Section 1206 of the Health and Safety Code, or health care facility solely because the licensee has a proprietary interest or coownership in the laboratory, pharmacy, clinic, or health care facility, provided, however, that the licensee's return on investment for that proprietary interest or coownership shall be based upon the amount of the capital investment or proportional ownership of the licensee which ownership interest is not based on the number or value of any patients referred. Any referral excepted under this section shall be unlawful if the prosecutor proves that there was no valid medical need for the referral.

(e) Except as provided in Chapter 2.3 (commencing with Section 1400) of Division 2 of the Health and Safety Code and in Sections 654.1 and 654.2 of this code, it shall not be unlawful to provide nonmonetary remuneration, in the form of hardware, software, or information technology and training services, as described in subsections (x) and (y) of Section 1001.952 of Title 42 of the Code of Federal Regulations, as amended October 4, 2007, as published in the Federal Register (72 Fed. Reg. 56632 and 56644), and as subsequently amended.
Sec. 3. (AB 457) Effective January 1, 2022.

(f) “Health care facility” means a general acute care hospital, acute psychiatric hospital, skilled nursing facility, intermediate care facility, and any other health facility licensed by the State Department of Public Health under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

(g) Notwithstanding this section or any other law, the payment or receipt of consideration for advertising, wherein a licensee offers or sells services through a third-party advertiser, shall not constitute a referral of patients when the third-party advertiser does not itself recommend, endorse, or otherwise select a licensee. The fee paid to the third-party advertiser shall be commensurate with the service provided by the third-party advertiser. If the licensee determines, after consultation with the purchaser of the service, that the service provided by the licensee is inappropriate for the purchaser or if the purchaser elects not to receive the service for any reason and requests a refund, the purchaser shall receive a refund of the full purchase price as determined by the terms of the advertising service agreement between the third-party advertiser and the licensee. The licensee shall disclose in the advertisement that a consultation is required and that the purchaser will receive a refund if ineligible to receive the service. This subdivision shall not apply to basic health care services, as defined in subdivision (b) of Section 1345 of the Health and Safety Code, or essential health benefits, as defined in Section 1367.005 of the Health and Safety Code and Section 10112.27 of the Insurance Code. The entity that provides the advertising shall be able to demonstrate that the licensee consented in writing to the requirements of this subdivision. A third-party advertiser shall make available to prospective purchasers advertisements for services of all licensees then advertising through the third-party advertiser in the applicable geographic region. In any advertisement offering a discount price for a service, the licensee shall also disclose the regular, nondiscounted price for that service.

(h) To the extent consistent with federal law, regulations, or guidance, the payment or receipt of consideration for internet-based advertising, appointment booking, or any service that provides information and resources to prospective patients of licensees shall not constitute a referral of a patient if the internet-based service provider does not recommend or endorse a specific licensee to a prospective patient.

(i) A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in a county jail for not more than one year, or by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code, or by a fine not exceeding fifty thousand dollars ($50,000), or by both that imprisonment and fine. A second or subsequent conviction is punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal Code, or by that imprisonment and a fine not exceeding fifty thousand dollars ($50,000). (Amended by Stats. 2021, Ch. 439, Sec. 3. (AB 457) Effective January 1, 2022.)

§ 651. Dissemination of false or misleading information concerning professional services or products; Permissible advertising

(a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce, directly or indirectly, the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed. A “public communication” as used in this section includes, but is not limited to, communication by means of mail, television, radio, motion picture, newspaper, book, list or directory of healing arts practitioners, Internet, or other electronic communication.

(b) A false, fraudulent, misleading, or deceptive statement, claim, or image includes a statement or claim that does any of the following:

1. Contains a misrepresentation of fact.
2. Is likely to mislead or deceive because of a failure to disclose material facts.
3. (A) Is intended or is likely to create false or unjustified expectations of favorable results, including the use of any photograph or other image that does not accurately depict the results of the procedure being advertised or that has been altered in any manner from the image of the actual subject depicted in the photograph or image.
   (B) Use of any photograph or other image of a model without clearly stating in a prominent location in easily readable type that the photograph or image is of a model is a violation of subdivision (a). For purposes of this paragraph, a model is anyone other than an actual patient, who has undergone the procedure being advertised, of the licensee who is advertising for his or her services.
   (C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents “before” and “after” views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any “before” and “after” views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same “before” and “after” results may not occur for all patients.
4. Relates to fees, other than a standard consultation fee or a range of fees for specific types of services, without fully and specifically disclosing all variables and other material factors.
(5) Contains other representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) Makes a claim either of professional superiority or of performing services in a superior manner, unless that claim is relevant to the service being performed and can be substantiated with objective scientific evidence.

(7) Makes a scientific claim that cannot be substantiated by reliable, peer reviewed, published scientific studies.

(8) Includes any statement, endorsement, or testimonial that is likely to mislead or deceive because of a failure to disclose material facts.

(c) Any price advertisement shall be exact, without the use of phrases, including, but not limited to, “as low as,” “and up,” “lowest prices,” or words or phrases of similar import. Any advertisement that refers to services, or costs for services, and that uses words of comparison shall be based on verifiable data substantiating the comparison. Any person so advertising shall be prepared to provide information sufficient to establish the accuracy of that comparison. Price advertising shall not be fraudulent, deceitful, or misleading, including statements or advertisements of bait, discount, premiums, gifts, or any statements of a similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

(e) Any person so licensed may not use any professional card, professional announcement card, office sign, letterhead, telephone directory listing, medical list, medical directory listing, or a similar professional notice or device if it includes a statement or claim that is false, fraudulent, misleading, or deceptive within the meaning of subdivision (b).

(f) Any person so licensed who violates this section is guilty of a misdemeanor. A bona fide mistake of fact shall be a defense to this subdivision, but only to this subdivision.

(g) Any violation of this section by a person so licensed shall constitute good cause for revocation or suspension of his or her license or other disciplinary action.

(h) Advertising by any person so licensed may include the following:

(1) A statement of the name of the practitioner.

(2) A statement of addresses and telephone numbers of the offices maintained by the practitioner.

(3) A statement of office hours regularly maintained by the practitioner.

(5) (A) A statement that the practitioner is certified by a private or public board or agency or a statement that the practitioner limits his or her practice to specific fields.

(B) A statement of certification by a practitioner licensed under Chapter 7 (commencing with Section 3000) shall only include a statement that he or she is certified or eligible for certification by a private or public board or parent association recognized by that practitioner’s licensing board.

(C) A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California may include a statement that he or she limits his or her practice to specific fields, but shall not include a statement that he or she is certified or eligible for certification by a private or public board or parent association, including, but not limited to, a multidisciplinary board or association, unless that board or association is (i) an American Board of Medical Specialties member board, (ii) a board or association with equivalent requirements approved by that physician’s and surgeon’s licensing board prior to January 1, 2019, or (iii) a board or association with an Accreditation Council for Graduate Medical Education approved postgraduate training program that provides complete training in that specialty or subspecialty. A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by an organization other than a board or association referred to in clause (i), (ii), or (iii) shall not use the term “board certified” in reference to that certification, unless the physician and surgeon is also licensed under Chapter 4 (commencing with Section 1600) and the use of the term “board certified” in reference to that certification is in accordance with subparagraph (A). A physician and surgeon licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by a board or association referred to in clause (i), (ii), or (iii) shall not use the term “board certified” unless the full name of the certifying board is also used and given comparable prominence with the term “board certified” in the statement.

For purposes of this subparagraph, a “multidisciplinary board or association” means an educational certifying body that has a psychometrically valid testing process, as determined by the Medical Board of California, for certifying medical doctors and other health care professionals that is based on the applicant’s education, training, and experience. A multidisciplinary board or association approved by the Medical Board of California prior to January 1, 2019, shall retain that approval.
For purposes of the term “board certified,” as used in this subparagraph, the terms “board” and “association” mean
an organization that is an American Board of Medical Specialties member board, an organization with equivalent
requirements approved by a physician’s and surgeon’s licensing board prior to January 1, 2019, or an organization
with an Accreditation Council for Graduate Medical Education approved postgraduate training program that
provides complete training in a specialty or subspecialty.

(D) A doctor of podiatric medicine licensed under Article 22 (commencing with Section 2460) of Chapter 5 by the
California Board of Podiatric Medicine who is certified by a board or association referred to in clause (i), (ii), or (iii)
shall not use the term “board certified” unless the full name of the certifying board is also used and given
comparable prominence with the term “board certified” in the statement. A doctor of podiatric medicine licensed
under Article 22 (commencing with Section 2460) of Chapter 5 by the California Board of Podiatric Medicine who is
certified by an organization other than a board or association referred to in clause (i), (ii), or (iii) shall not use the
term “board certified” in reference to that certification.

For purposes of this subparagraph, a “multidisciplinary board or association” means an educational certifying body
that has a psychometrically valid testing process, as determined by the California Board of Podiatric Medicine, for
certifying doctors of podiatric medicine that is based on the applicant’s education, training, and experience. For
purposes of the term “board certified,” as used in this subparagraph, the terms “board” and “association” mean an
organization that is a Council on Podiatric Medical Education approved board, an organization with equivalent
requirements approved by the California Board of Podiatric Medicine, or an organization with a Council on Podiatric
Medical Education approved postgraduate training program that provides training in podiatric medicine and podiatric
surgery. A doctor of podiatric medicine licensed under Article 22 (commencing with Section 2460) of Chapter 5 by the
California Board of Podiatric Medicine shall adopt regulations to establish and collect a reasonable fee from
each board or association applying for recognition pursuant to this subparagraph, to be deposited in the State
Treasury in the Podiatry Fund, pursuant to Section 2499. The fee shall not exceed the cost of administering this
subparagraph.

care plan.

(7) A statement of names of schools and postgraduate clinical training programs from which the practitioner has
graduated, together with the degrees received.

(15) An advertisement of a registered dispensing optician may include statements in addition to those specified in
paragraphs (1) to (14), inclusive, provided that any statement shall not violate subdivision (a), (b), (c), or (e) or any
other section of this code.

(16) A statement, or statements, providing public health information encouraging preventive or corrective care.

(i) Each of the healing arts boards and examining committees within Division 2 shall adopt appropriate regulations
to enforce this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of
Title 2 of the Government Code.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation,
define those efficacious services to be advertised by businesses or professions under their jurisdiction for the
purpose of determining whether advertisements are false or misleading. Until a definition for that service has been
issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been
issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license
may advertise the service. Those boards and committees shall adopt or modify regulations defining what services
may be advertised, the manner in which defined services may be advertised, and restricting advertising that would
promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by

55
regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

(k) A physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) by the Medical Board of California or a doctor of podiatric medicine licensed pursuant to Article 22 (commencing with Section 2460) of Chapter 5 by the California Board of Podiatric Medicine who knowingly and intentionally violates this section may be cited and assessed an administrative fine not to exceed ten thousand dollars ($10,000) per event. Article 11. Professional Reporting
( Article 11 repealed and added by Stats. 1975, 2nd Ex. Sess., Ch. 1. )

§ 800. Central files of licensees' individual historical records
(a) The Medical Board of California, the California Board of Podiatric Medicine, the Board of Psychology, the Dental Board of California, the Dental Hygiene Board of California, the Osteopathic Medical Board of California, the State Board of Chiropractic Examiners, the Board of Registered Nursing, the Board of Vocational Nursing and Psychiatric Technicians of the State of California, the State Board of Optometry, the Veterinary Medical Board, the Board of Behavioral Sciences, the Physical Therapy Board of California, the California State Board of Pharmacy, the Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board, the California Board of Occupational Therapy, the Acupuncture Board, and the Physician Assistant Board shall each separately create and maintain a central file of the names of all persons who hold a license, certificate, or similar authority from that board. Each central file shall be created and maintained to provide an individual historical record for each licensee with respect to the following information:

(1) Any conviction of a crime in this or any other state that constitutes unprofessional conduct pursuant to the reporting requirements of Section 803.

(2) Any judgment or settlement requiring the licensee or his or her insurer to pay any amount of damages in excess of three thousand dollars ($3,000) for any claim that injury or death was proximately caused by the licensee’s negligence, error or omission in practice, or by rendering unauthorized professional services, pursuant to the reporting requirements of Section 801 or 802.

(3) Any public complaints for which provision is made pursuant to subdivision (b).

(4) Disciplinary information reported pursuant to Section 805, including any additional exculpatory or explanatory statements submitted by the licentiate pursuant to subdivision (f) of Section 805. If a court finds, in a final judgment, that the peer review resulting in the 805 report was conducted in bad faith and the licensee who is the subject of the report notifies the board of that finding, the board shall include that finding in the central file. For purposes of this paragraph, “peer review” has the same meaning as defined in Section 805.

(5) Information reported pursuant to Section 805.01, including any explanatory or exculpatory information submitted by the licensee pursuant to subdivision (b) of that section.

(b) (1) Each board shall prescribe and promulgate forms on which members of the public and other licensees or certificate holders may file written complaints to the board alleging any act of misconduct in, or connected with, the performance of professional services by the licensee.

(2) If a board, or division thereof, a committee, or a panel has failed to act upon a complaint or report within five years, or has found that the complaint or report is without merit, the central file shall be purged of information relating to the complaint or report.

(3) Notwithstanding this subdivision, the Board of Psychology, the Board of Behavioral Sciences, and the Respiratory Care Board of California shall maintain complaints or reports as long as each board deems necessary.

(c) (1) The contents of any central file that are not public records under any other provision of law shall be confidential except that the licensee involved, or his or her counsel or representative, shall have the right to inspect and have copies made of his or her complete file except for the provision that may disclose the identity of an information source. For the purposes of this section, a board may protect an information source by providing a copy of the material with only those deletions necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the board shall ensure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to a licensee’s reputation, rights, benefits, privileges, or qualifications, or be used by a board to make a determination that would affect a licensee’s rights, benefits, privileges, or qualifications. The information required to be disclosed pursuant to Section 803.1 shall not be considered among the contents of a central file for the purposes of this subdivision.

(2) The licensee may, but is not required to, submit any additional exculpatory or explanatory statement or other information that the board shall include in the central file.

(3) Each board may permit any law enforcement or regulatory agency when required for an investigation of unlawful activity or for licensing, certification, or regulatory purposes to inspect and have copies made of that licensee’s file, unless the disclosure is otherwise prohibited by law.

(4) These disclosures shall effect no change in the confidential status of these records.

(f) The insurer shall notify the claimant, or if the claimant is represented by counsel, the insurer shall notify the claimant’s attorney, that the report required by subdivision (a), (b), or (c) has been sent to the agency. If the attorney has not received this notice within 45 days after the settlement was reduced to writing and signed by all of the parties, the arbitration award was served on the parties, or the date of entry of the civil judgment, the attorney shall make the report to the agency.

(g) Notwithstanding any other provision of law, no insurer shall enter into a settlement without the written consent of the insured, except that this prohibition shall not void any settlement entered into without that written consent. 1. The insurer providing professional liability insurance to the licensee.
2. The licensee, or his or her counsel, if the licensee does not possess professional liability insurance.

An arrangement under which a licensee is allowed to practice or provide care for patients includes, but is not limited to, full staff privileges, active staff privileges, limited staff privileges, auxiliary staff privileges, provisional staff privileges, temporary staff privileges, courtesy staff privileges, locum tenens arrangements, and contractual arrangements to provide professional services, including, but not limited to, arrangements to provide outpatient services.

(d) A willful failure to file the report described in subdivision (b) shall be punishable by a fine, not to exceed one hundred thousand dollars ($100,000) per violation, that shall be paid by the health care facility or other entity subject to subdivision (b). The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the licensee regarding whom the report was or should have been filed. If the person who is designated or otherwise required to file the report under this section is a licensed physician and surgeon, the action or proceeding shall be brought by the Medical Board of California. If the person who is designated or otherwise required to file the report required under this section is a licensed doctor of podiatric medicine, the action or proceeding shall be brought by the Podiatric Medical Board of California. As used in this subdivision, “willful” means a voluntary and intentional violation of a known legal duty.

(e) Except as provided in subdivision (c), any failure to file the report described in subdivision (b) shall be punishable by a fine, not to exceed fifty thousand dollars ($50,000) per violation, that shall be paid by the health care facility or other entity subject to subdivision (b). The fine may be imposed in any civil or administrative action or proceeding brought by or on behalf of any agency having regulatory jurisdiction over the person regarding whom the report was or should have been filed. The fine shall be paid to that agency, but not expended until appropriated by the Legislature. The amount of the fine imposed, not exceeding fifty thousand dollars ($50,000) per violation, shall be proportional to the severity of the failure to report and shall differ based upon written findings, including whether the failure to file caused harm to a patient or created a risk to patient safety; whether any person who is designated or otherwise required by law to file the report required under this section exercised due diligence despite the failure to file or whether the person knew or should have known that a report required under this section would not be filed; whether there has been a prior failure to file a report required under this section; and whether a report was filed with another state agency or law enforcement. The amount of the fine imposed may also differ based on whether a health care facility is a small or rural hospital, as defined in Section 124840 of the Health and Safety Code.

(Added by Stats. 1978, Ch. 174.)

§ 810. Grounds for disciplinary action against health care professional

(a) It shall constitute unprofessional conduct and grounds for disciplinary action, including suspension or revocation of a license or certificate, for a health care professional to do any of the following in connection with his or her professional activities:

1. Knowingly present or cause to be presented any false or fraudulent claim for the payment of a loss under a contract of insurance.

2. Knowingly prepare, make, or subscribe any writing, with intent to present or use the same, or to allow it to be presented or used in support of any false or fraudulent claim.
(b) It shall constitute cause for revocation or suspension of a license or certificate for a health care professional to engage in any conduct prohibited under Section 1871.4 of the Insurance Code or Section 549 or 550 of the Penal Code.

(c) (1) It shall constitute cause for automatic suspension of a license or certificate issued pursuant to Chapter 4 (commencing with Section 1600), Chapter 5 (commencing with Section 2000), Chapter 6.6 (commencing with Section 2900), Chapter 7 (commencing with Section 3000), or Chapter 9 (commencing with Section 4000), or pursuant to the Chiropractic Act or the Osteopathic Act, if a licensee or certificate holder has been convicted of any felony involving fraud committed by the licensee or certificate holder in conjunction with providing benefits covered by worker’s compensation insurance, or has been convicted of any felony involving Medi-Cal fraud committed by the licensee or certificate holder in conjunction with the Medi-Cal program, including the Denti-Cal element of the Medi-Cal program, pursuant to Chapter 7 (commencing with Section 14000), or Chapter 8 (commencing with Section 14200), of Part 3 of Division 9 of the Welfare and Institutions Code. The board shall convene a disciplinary hearing to determine whether or not the license or certificate shall be suspended, revoked, or some other disposition shall be considered, including, but not limited to, revocation with the opportunity to petition for reinstatement, suspension, or other limitations on the license or certificate as the board deems appropriate.

(2) It shall constitute cause for automatic suspension and for revocation of a license or certificate issued pursuant to Chapter 4 (commencing with Section 1600), Chapter 5 (commencing with Section 2000), Chapter 6.6 (commencing with Section 2900), Chapter 7 (commencing with Section 3000), or Chapter 9 (commencing with Section 4000), or pursuant to the Chiropractic Act or the Osteopathic Act, if a licensee or certificate holder has more than one conviction of any felony arising out of separate prosecutions involving fraud committed by the licensee or certificate holder in conjunction with providing benefits covered by worker’s compensation insurance, or in conjunction with the Medi-Cal program, including the Denti-Cal element of the Medi-Cal program pursuant to Chapter 7 (commencing with Section 14000), or Chapter 8 (commencing with Section 14200), of Part 3 of Division 9 of the Welfare and Institutions Code. The board shall convene a disciplinary hearing to revoke the license or certificate and an order of revocation shall be issued unless the board finds mitigating circumstances to order some other disposition.

(3) It is the intent of the Legislature that paragraph (2) apply to a licensee or certificate holder who has one or more convictions prior to January 1, 2004, as provided in this subdivision.

(4) Nothing in this subdivision shall preclude a board from suspending or revoking a license or certificate pursuant to any other provision of law.

However, a licensee or certificate holder who has one or more convictions prior to January 1, 2004, but who has no convictions and is currently licensed or holds a certificate after that date, does not have “more than one conviction” for the purposes of this subdivision.

(d) As used in this section, health care professional means any person licensed or certified pursuant to this division, or licensed pursuant to the Osteopathic Initiative Act, or the Chiropractic Initiative Act. (Amended by Stats. 2017, Ch. 775, Sec. 16. (SB 798) Effective January 1, 2018.)
